

ZaZo

If your looking for something special you have found it in this series which we call ZaZo, or stone as it means in Italian!

Oiled black granite is integrated in the table to create a table which is an adornment itself without the need for a tablecloth or other decorations. A dining-suite to enjoy for the many evenings in the company of your friends and together with a good meal!

A dining-suite in modern style with black granite for hot pots, practical and neat!

ZaZo is available in oiled or lacquered oak

MIND AB has manufactured furniture in solid wood in a carpentry shop located in the forest region in the southern part of Sweden since 1929.

From the very beginning we have been using the best materials available in combination with skilled craftsmen who pays close attention to every little detail. With every piece of furniture from MIND you will not just get great design, durability and excellent quality. You will also get a piece of Swedish tradition.
